

## Participating Employers List - Expedited Registration Pathway for Qualified Canadian Out of Province Health Care Assistant (HCA) Applicants

**Instructions for Qualified Canadian HCA Applicants:** Once you receive a Letter of Eligibility, contact the Participating Employer directly to express your interest in employment. You must provide the Participating Employer with a copy of your Letter of Eligibility to let them know you are applying via the new Expedited Registration Pathway. The Participating Employer will follow up with you directly about the next steps in the hiring process. Participating Employers are listed alphabetically by health region.

**Important Note:** Some Participating Employers have multiple employment sites and have elected to provide one centralized Human Resources (HR) office to process your application. You will see an asterisk symbol \* next to that Participating Employer's name. Please contact the Participating Employer HR office to find out more about the available positions and where they are located.

**DISCLAIMER:** Employers on this list have 1) indicated interest in participating in the Expedited Registration Pathway for Qualified Canadian Out of Province Health Care Assistants (HCAs) and 2) confirmed they will be in compliance with all of the Participating Employer Requirements as per the Ministry of Health (MoH) Expedited Registration Pathway for Qualified Canadian Out of Province Health Care Assistants Policy and Supportive Policy, including providing a standardized orientation program that follows the MoH requirements for qualified Canadian Out of Province HCAs. It is the employer's responsibility to ensure it remains in good standing with the Province of British Columbia. The Registry/MoH reserves the right to remove employers from the Participating List.
